

B IS FOR:

Print out either the color or B & W set.

Color set: Print out the 3 sheets. (Printing up on card stock will give you better quality). The 1st sheet is the front of the file folder game and game pieces. Cut out the directions and picture for the front, and glue or tape to the front of the file folder. Use a self-laminating sheet or clear contact paper to place over for durability.

Place the 2 full size sheets inside the file folder using double sided tape or glue, and placing self-laminating sheets or clear contact paper over each side for durability.

Place velcro in the squares and on the back of the games pieces. (This will keep the pieces from slipping when a child places it in the square). Have the children match the pictures with the words and practice writing the letter b.

Black & white set – Color and follow the above directions.
